

JAID SUTAR

FULL-STACK DEVELOPER | REACT.JS | PYTHON | DJANGO

+91 8956063127 | sutarjaid970@gmail.com | [LinkedIn](#) | Pune

SUMMARY

Full-Stack Developer with professional experience building responsive web applications using React.js, JavaScript, Python, and Django. Experienced in developing reusable React components, interactive dashboards, RESTful APIs, third-party API integrations, authentication, role-based access control, and database-driven applications. Hands-on experience with Django REST Framework, MySQL, JWT authentication, API integration, and responsive UI development.

PROFESSIONAL EXPERIENCE

Full-Stack Developer, Teople Technologies

Jan 2025 - Present

Solar Plant Monitoring System

- Developed responsive React.js interfaces for monitoring solar plant and generation data.
- Built reusable, component-based React.js components for displaying plant and generation information.
- Integrated third-party inverter APIs to fetch and display real-time and historical solar generation data.
- Developed interactive dashboards using ECharts for solar data visualization and monitoring.
- Implemented REST API integration and dynamic data rendering for real-time monitoring.

Technologies : React.js | JavaScript | REST APIs | ECharts | Inverter API Integration

Digital Kiosk System

- Developed responsive React.js frontend interfaces for digital kiosk displays.
- Built reusable React.js components and configurable kiosk templates for dynamic digital displays.
- Implemented dynamic content rendering based on configurable kiosk templates.
- Developed responsive layouts for different digital kiosk display requirements.
- Worked on frontend performance optimization to improve the usability of kiosk displays.

Technologies : React.js | JavaScript | Responsive UI | Component-Based Development

TECHNICAL SKILLS

- **Frontend Development :** React.js, React Router, JavaScript (ES6+), HTML5, CSS3, Material UI, Ant Design, GSAP, Responsive UI, Component-Based Architecture
- **Backend Development :** Python, Django, Django REST Framework, RESTful APIs, API Development, Backend Services
- **API & Integration :** REST APIs, Third-Party API Integration, Axios, Nexar API, Inverter API Integration
- **Authentication & Security :** Django Authentication, JWT Authentication, Role-Based Access Control (RBAC)
- **Database :** MySQL, MariaDB, SQLite
- **Visualization :** ECharts, Interactive Dashboards, Data Visualization
- **Tools :** Git, GitHub, Bitbucket, Postman, VS Code, Maven
- **Cloud :** AWS S3

EDUCATION

B.Tech — Computer Science and Engineering (CSE)

Dr. Babasaheb Ambedkar Technological University

2021 – 2025 | CGPA: 7.8 / 10

CERTIFICATIONS

German Language Course (A1) — 40 Hours

Shri Mahalaxmi Academy, Kolhapur

Certificate of Completion

LANGUAGES

English | Hindi | German
